

PC CRISALIS® TIES TOGETHER 100+
NATURAL RESOURCE SOFTWARE PROGRAMS
(45+ Optional For-Fee Apps and 55+ FREE Apps)

Notes: 1) PC CRISALIS® is a software program that ties together office PC's, handheld computers, 100+ Natural Resources-related apps, 10,000+ imagery/mapping/GIS dataset, and 10,000+ pages of technical documents into an All-In-One Integrated Resource Information System. 2) An "Application" (i.e. "App") is a software program AND its datafiles. 3) "HH" means Handheld PC (apps usually run on PC's too). 4) Software programs below with a * are OPTIONAL For-Fee apps that can be purchased from I.R.I.S.®. **5) Software programs below with no * are apps that we provide for FREE with PC CRISALIS®.** 6) Handful of apps are "in process" of being added. 7) CRISALIS has a 45 Day Full Satisfaction Guarantee!

SIMPLE MAPPING/GIS SOFTWARE:

PC 2D/3D Imagery and Maps Viewers
PC World Atlas Viewer
PC National Atlas Viewer
PC Orthophotos (c2011) Viewer
PC State Maps Viewers
PC CAD File Viewer
PC ArcGIS Data Viewer
PC Landsat Imagery Viewers
PC Graphics/Imagery Editor
PC 100+ Files Types Viewer
PC 75+ File Types Converter
PC Folders and Files Manager
PC Simple Mapping/GIS Reference Library

ADVANCED MAPPING/GIS SOFTWARE:

PC FlexALL™ Database Design/Structure*
PC Data Dictionary App
PC and HH Trimble SOLO Mapping*
PC Raw Data Apps (some in process)
 PC DOQ View/Process App
 PC DRG View/Process App
 PC DLG View/Process App
 PC DEM View/Process App
 PC LiDAR View/Process App
 PC GIS DataLayer View/Process App
 PC Imagery View/Process App
PC Simple Natural Resources GIS
PC Image Processing Tutorial
PC Simple Landsat Image Classifier
PC ERDAS Image Processing Software*
PC Topographic Data Processor
PC Complete Raster-Based GIS
PC and HH ArcGIS Apps (5)*
PC Advanced Mapping/GIS Reference Library
 And More To Come!

SURVEYING/GPS SOFTWARE:

HH Thales Scorpio GPS Apps*
HH Ashtech Reliant GPS App*
HH Seismark II GPS App*
HH Road Drainage Inventory*
HH Planemetric Surveying
HH Cadastral Surveying
PC Surveying Data Processor
PC Simple Traverse
PC Cave Mapping App*
PC Trimble ScoutMaster GPS App*
PC Net Deed Plotter*
PC and HH TDS Survey Pro*
PC and HH Microstation Survey*
PC AutoCAD Surveying/Mapping Apps (3)*
PC Surveying/GPS Reference Library
 And More To Come!

NATURAL RESOURCES SOFTWARE:

PC Fire Danger, Drought, Flood, etc... Viewers
PC Personal CO2 Calculator
PC Corporate CO2 Calculator
PC Land Manager Climate Change Training
PC Oak Management Guidelines
PC Natural Resources Investment Analysis
PC On-Line Bible
PC Natural Resources Reference Library
 And More To Come!

GENERAL SOFTWARE:

PC Professional Units (Vol, Length, etc) Converter
PC Graphic Disk Space Manager/Restorer
PC and HH CRISALIS® Simple Organizer
PC and HH CRISALIS® Utilities

(Continued on next page)

**PC CRISALIS® TIES TOGETHER 100+
NATURAL RESOURCE SOFTWARE PROGRAMS
(45+ Optional For-Fee Apps and 55+ FREE Apps)**

Notes: 1) PC CRISALIS® is a software program that ties together office PC's, handheld computers, 100+ Natural Resources-related apps, 10,000+ imagery/mapping/GIS dataset, and 10,000+ pages of technical documents into an All-In-One Integrated Resource Information System. 2) An "Application" (i.e. "App") is a software program AND its datafiles. 3) "HH" means Handheld PC (apps usually run on PC's too). 4) Software programs below with a * are OPTIONAL For-Fee apps that can be purchased from I.R.I.S.®. **5) Software programs below with no * are apps that we provide for FREE with PC CRISALIS®.** 6) Handful of apps are "in process" of being added. 7) CRISALIS has a 45 Day Full Satisfaction Guarantee!

FORESTRY SOFTWARE:

PC Tree Defects Training
PC and HH Timber Cruising Apps* (5)
HH In-Field Log Buys/Sales*
PC Forestry Metric Conversions
PC and HH WoodStock Cruiser*
PC and HH Tract Manager*
PC Harvest Impacts Simulator
PC Timber Stump Cruising
PC and HH SILVAH Stand Mgm't
PC and HH Northeast Forest Mgm't
PC Stand Growth Simulators (2)
PC Forest Visualization System
PC Forestry Reference Library
And More To Come!

FOREST PRODUCTS SOFTWARE:

PC Log Defects Trainer
PC Log Bucking Training
HH In-Yard Log Buys/Sales*
PC Log Yard Manager*
PC and HH Log Broker*
HH Sawmill Log Takeup*
PC Sawyer Training (2)
HH Green Chain Tally*
PC Edger/Trimmer Training
PC Grading/Reman Training
HH Pack Purchase Grading*
HH Kiln Tracking*
HH Dry Chain Tally*
HH Lumber End Tally*
PC Lumber Yard Manager*
PC Mill Simulator
PC Mill Performance Analyst
PC Cost of Running Your Mill
PC Pallet Manufacturing App
PC Wood Product Pricing Tool
PC Mill Cash Flow Analysis
PC Mill Financial Analysis
PC Forest Products Reference Library

SOME REASONS WHY TRYING TO GET THESE APPS YOURSELF WILL NOT TURN OUT WELL:

1) These are the best software programs that we have come across/ found over the past 30 years. 2) You don't have our education, experience, or contacts in Natural Resources software and will not be able to get some of the apps. 3) We have never charged for apps (and data) that we get for "free". 4) Dividing the cost of PC CRISALIS by the total number of FREE software programs that come with it works out to less than \$50/program. 5) You could easily spend \$500/programs finding, installing, learning, evaluating, and uninstalling unsuitable software (we did). 6) You would probably corrupt your PC multiple times with malware, ransom-ware, spyware, viruses, etc... in the process (we did). 7) We have already installed/setup CRISALIS and most of the FREE software apps on a flash drive so you can "plug and play". 8) You might wind up with some of the parts - but not an Integrated Resource Information System. 9) You would be missing out on CRISALIS' Application Management Menus (for all 100+ apps it supports), as well as its very useful PC and handheld utilities. 10) Instead of sharing in the cost of developing a professional All-In-One Integrated Resource Information System, you would effectively be creating your own amateur system. 11) You could spend 1000's of hours and \$100,000's re-inventing the CRISALIS "wheel" (or doing its functions manually).
